UCLA’s David Geffen School of Medicine (DGSOM) is committed to minimizing the risk to residents participating in academic programs. Travel to locations where no US State Department Travel Warning is in effect will typically be approved.

Residents will not be approved to undertake international DGSOM-approved activities in a location for which a US Department of State Travel Warning is currently in place, unless a formal safety plan has been established and approved. For residents, the safety plan and request for exception must be approved by the residency director and the Dean of Graduate Medical Education.

The purpose of the safety plan is to a) establish that travel to the specific location poses minimal risk to the resident, and b) determine if travel to this particular location presents a unique opportunity from a learning perspective. This safety plan must include the following items.

- **A Request for Exception for State Department Warning Travel Form** from the UCLA faculty mentor regarding the safety of the site and the plan for monitoring safety and evacuating the resident in case of an emergency. If the country has a travel warning, but the specific location within the country is safe, this situation should be made explicit in the letter. The letter should also indicate areas to be avoided and should reference the US State Department’s official Travel Warnings and/or the IJet evacuation insurance updates, if applicable. A formal I-Jet assessment of the location should be included with the request;
- **A Travel Waiver** signed by the resident, which states that they a) have read the State Department Travel Warning in detail, b) have obtained a formal, written assessment of the location from I-Jet, c) understand the safety plan as described by the mentor, d) agree to avoid areas that have been indicated by the mentor, and e) acknowledge the additional risk that they are undertaking.
- **Proof of enrollment in the State Department’s STEP program** ([https://step.state.gov/STEP/Pages/Common/Citizenship.aspx](https://step.state.gov/STEP/Pages/Common/Citizenship.aspx))

Questions may be directed to Dr. Traci Wells, Education Coordinator at the Center for World Health ([twells@mednet.ucla.edu](mailto:twells@mednet.ucla.edu)).
Attestation for Travel to a Country with a US State Department Travel Warning

I, ______________________________________ (name of resident), attest the following:

1. I have read the State Department Travel Warning information in detail regarding my travel to __________________________ (specific location), where I hope to travel during the following timeframe: ______________________ (proposed dates, including departure and return dates);

2. I have obtained a formal, written I-Jet assessment for travel to __________________________ (specific location);

3. I understand and agree to adhere strictly to the safety plan as described by my UCLA faculty mentor in the Request for Exception for State Department Travel Warning Form ______________________ (name of faculty mentor);

4. I agree to avoid any and all areas that have been designated by my UCLA faculty mentor as unsafe;

5. I acknowledge that I am undertaking additional risk to my person by traveling to this location.

Signature of Resident: ________________________________________________

Signature of UCLA faculty mentor: _____________________________________

Signature of Residency Director: ________________________________

Signature of Dean of Graduate Medical Education: ____________________________
Request for Exception for State Department Warning Travel Form

The following information should be provided by the resident’s UCLA faculty mentor.

Today’s date __________________________________________

Dates of proposed travel (departure and return dates) ________________________________

Name of resident __________________________________________

Name of faculty person who is familiar with the site ________________________________

1. Please specify the exact location(s) of the elective: country, region(s), and city(ies), along with the dates that will be spent at each location.

2. Please summarize why this country was included on the U.S. State Department Travel Warning List.

3. Please state why the particular location(s) for this elective is/are deemed safe, despite the U.S. State Department Travel Warning (cite all sources). If this location is not deemed safe, please describe why it is worthwhile to travel there, despite the risk.

4. Which areas of the country/region should be avoided? Please be specific and cite the U.S. State Department and the IJet Evacuation insurance updates. (This request should be accompanied by the formal I-Jet assessment in writing.)

5. What is the contact information for the local, onsite supervisor, including name, address, cell phone number and email?

6. What is the resident’s primary means of communication while abroad? What is his or her back-up means of communication. (Please be specific.)
7. How will the safety of the resident be monitored and what is the process for establishing whether evacuation is needed and for potentially evacuating the resident, if necessary? Please be specific.
